REDUCE ARMY FORCE

Bill Introduced In Congress by Representative Sherwood,

WANTS ONLY 35,000 MEN.

Reduction in the Force of the Army as Proposed in Sherwood's Measure Would Save the Country the Sum of \$35,000,000.

Toledo, O., Dec. 26.—Congressman I. R. Sherwood will soon introduce a bill to reduce the standing army from 100,000 to 35,000 men. The reduction will save the country \$33,000,000, it is said. The matter has been thoroughly canvassed with the democrats in congress, and they have agreed to sustain Williams, the minority leader, in a fight to reduce the army appropriation bill by mustering out thirty-three regiments of infantry and cavalry, and thus reduce the army to 35,000 men.

This fact was made known through correspondence between Congressman Sherwood and Williams.

General Sherwood was selected by Williams and assigned by Speaker Cannon to the committee on military affairs. Sherwood strongly objected to serving on the committee because he was opposed to a large standing army in time of peace, so he went to see Williams relative to the matter. As Williams was not in at the time, Congressman Sherwood left him a letter as follows:

"My Dear Mr. Williams: I am opposed to militarism. I am in favor of reducing the regular army to the old-time limit, 25,000 men. I believe that this American republic should set the example to the nations of a country safe-guarded by the patriotism of the people and not by bayonets. Yours very truly, Isaac R. Sherwood."

Following is the reply of Mr. Williams:

"Washington, D. C., Dec. 14, '07: My Dear General—I was exceedingly gratified to receive your letter. Instead of fixing 25,000 as the number of the army, I think 35,000 would be a better number. Twenty-five thousand would be equal to where the army was before the Spanish-American war. Let it stay at that number for infantry, cavalry and artillery. Then add 10,000 men trained to handle the heavy guns of the coast defense. This would reduce the army 33,000 men and save the people \$33,000,000 a year. Yours very truly, John Sharp Williams."

SWEETHEARTS DROWN.

Engaged Couple and Youth of 17 Lose Their Lives While Skating.

Pittsfield, Mass., Dec. 26.—Fred Norris, seventeen years of age, while skating on Onota lake, just west of Pittsfield, broke through the ice and drowned.

William Suttle went through the ice with Norris, but by the aid of a hockey stick drew himself up on firm ice and was pulled out by companions.

The accident did not deter some thirty or forty skaters from continuing their sport. While search was being made for the body of Norris, Henry Ann, twenty years of age, and Annie Mozer, nineteen years of age, who were engaged to be married, broke through the ice near the center of the lake. The second accident was not noticed by any of the many skaters, and was only discovered when some boys skated to that part of the lake and found the hole in the ice with Ann's gray cap lying nearby.

Wall's Case Postponed.

Hartwell, Ga., Dec. 26.—The preliminary trials of Earnest Gray and William Hitchcock were held before Judge H. J. Goss Monday. Quite a large crowd was present, as it was anticipated that Hugh Wall would also have his committing trial, but his case was postponed. After an investigation the court dismissed the case against Hitchcock. The case against Earnest Gray was also dismissed.

KING MAY BE DETHRONED.

Republic Looms Up On the Political Horizon of Portugal.

Lisbon, Dec. 26.—The result of the present political crisis here may either be a better public administration or a Portuguese republic.

The republicans believe Premier Franco, by exposing the corrupt practices of the monarchist parties, has administered a blow to the prestige of the king and the monarchy from which it can never recover.

The country for years has been the football of the monarchist parties, with the sole object of distributing graft to their "clients." The republicans are on the point of demanding the abdication of King Carlos for abetting this "crime" under a clause of the Portuguese constitution which compels the abdication of the monarch when he is adjudged "morally incapable" of governing.

The opinion of conservative leaders, however, is, that outside of the capital and Oporto the masses will remain absolutely indifferent to the mutations of politics until a system of general education awakens their consciences to a demand for broader political rights.

Director Franco is a man of 55, and practically his whole life has been spent in politics. Regenerator and progressist by turn, he headed a split from each of the old parties, and, previous to his present accession to power, was a member of two cabinets.

The republicans profess to see in him only a political charlatan, whose pretense of reform is only a sham, and whose real purpose is to crush the old political machine in order that he can build up a stronger one for himself. Moreover, they profess also, to believe that Franco is only the tool of the king, given power by the latter for the purpose of securing the royal debts.

Franco is confronted with the back debts of the king, amounting to \$7,000,000. The king has no means of paying this obligation.

Bankers and business men regard the situation from a financial standpoint as being much more critical than from a political point of view. Since the "bankruptcy" of 1890, when the foreign debt was scaled one half, there have been a constant succession of deficits, accompanied, the bankers say, by a most deplorable system of finance.

HELD UNCONSTITUTIONAL.

Stated at Mobile that the State Prohibition Law Will Be Contested.

Mobile, Ala., Dec. 26.—City Attorney Boykin Boone has rendered an opinion declaring the 9 o'clock closing law passed by the recent legislature as unconstitutional. He based his contention upon the fact that while the title of the act embraced but one subject the body covered several.

It is stated here that the state prohibition act will also be contested here just as soon as it goes into effect.

Attorney Boone's opinion means that saloons in Mobile will ignore the law and Governor Comer may call another special session of the legislature.

Advocates of the 9 o'clock and prohibition laws say they will make this request and will also ask that the legislature provide for constitutional prohibition instead of statutory, as at present.

Took an Overdose.

West City, Iowa, Dec. 26.—Mrs. Cyrus Johnson, aged 22, member of a Faust company playing here, died at her hotel from an overdose of a liquid extract of cottonseed bark. The coroner's jury returned a verdict to the effect that the fatal draught was swallowed accidentally. Mrs. Johnson's stage name was Ruth Parsons.

Financial Trouble Led to Suicide.

Valdosta, Ga., Dec. 26.—Ben Parrish, of Tulen & Parrish, saw mill men, near Sparks, went on the front porch of his home at 4 o'clock Monday morning and fired a bullet into his brain. Financial trouble, due to the low price of lumber, is believed to be the cause of the deed.

Woman's Rash Act.

Canton, O., Dec. 26.—As a result of a family quarrel, Mrs. Theresa Clemens, wife of a local saloon keeper, shot herself. It is feared the wound will prove fatal.

A TRIPLE TRAGEDY

Turpentine Still In Ware County Scene of Killing.

1 WHITE, 2 BLACKS SLAIN

Wallace Dyal in Attempting to Quell Riot Among Negroes Was Fatally Shot—While Dying He Killed Two of His Assailants.

Waycross, Ga., Dec. 26.—Because he assumed the role of peacemaker and attempted to stop negroes from rioting, Wallace Dyal was shot to death Tuesday afternoon at a turpentine still in Ware county.

As Dyal fell to the ground mortally wounded, he drew his pistol and fired into the crowd of negroes, killing two of them, Ben Johnson and Sam Jackson.

Dyal was employed as a woodman by W. L. Hinson & Co.

Tuesday afternoon there was a large crowd of negroes at a turpentine still and there was much drinking. The negroes finally became riotous, and began to fight among themselves.

Fearing a general riot, Dyal interfered and tried to stop the fight. As soon as he interfered, the negroes, it is said, turned on him with their pistols.

Dyal was struck by four bullets and fell, dying, to the ground. He, however, managed to fire several times at the negroes before death, killing two of them.

News of the tragedy was telephoned to Waycross and the sheriff, with a posse, went to the scene.

Further trouble may occur.

SOUTHERN PROGRESS.

Many New Undertakings Set on Foot In Georgia and Alabama.

Columbus, Ga., Dec. 26.—The Georgia and Alabama Industrial Index says in its issue for this week:

The definite projection of more factories, more mills, more furnaces and more mining operations make notable the industrial record in Georgia and Alabama for the last week before the holidays. The number and magnitude of these undertakings during a season which usually witnesses but little activity in the establishment of industrial enterprises illustrates very forcefully the progress which is being made in the two states. This activity, undiminished by the recent financial flurry, will go into the new year with increased impetus and will aid in justifying the belief, so generally and confidently entertained, that 1908 will be the most prosperous and important year industrially in the history of Georgia and Alabama.

Among the enterprises to be established is a cotton mill at Ball Ground, Ga., with 10,000 spindles and 300 looms. The Elks Cotton mills, Dalton, Ga., will enlarge its plant, installing new machinery. A movement has been launched at Thomaston, Ga., to organize a company with capital stock of \$100,000 to establish a cotton mill. It is expected that the Tennessee Coal, Iron and Railroad company will erect two additional furnaces at Ensley, Ala., where it is investing an additional large sum of money in making improvements.

120 Bodies Recovered.

Jacobs Creek, Pa., Dec. 26.—Searching parties at the Darr mine Tuesday reached entry No. 27, where they found 74 bodies in a heap. With the forty-six bodies which have already been brought to the surface, the total number recovered so far is 120.

Steamer Damaged by Fire.

Kobe, Japan, Dec. 26.—Fire has broken out on board the American steamer Minnesota, Captain Austin, in this harbor. Both the vessel and her cargo were damaged. The Minnesota is from Seattle for Hong Kong by way of Yokohama.

Millions for Charity.

Dresden, Dec. 26.—The late Queen Carolina has bequeathed to charitable organizations the larger part of her fortune, which in all is estimated at about \$5,000,000.

INTENDED BRIDE SUICIDES.

Arrayed in Wedding Garments Young Girl Takes Her Life.

Pittsburg, Pa., Dec. 26.—Elopeti Sucetze, a beautiful seventeen-year-old Russian Jewess, committed suicide at the home of Christian Blattner, of McKeesport, under pathetic circumstances.

She came from Russia six months ago coming in advance of her sweetheart, who had promised to follow her here to be married in the holiday season. The girl received a letter from her lover saying he would not be able to come to America to be married at the time stated. The girl, who had taken service in the household of Mr. Blattner, became very sad and would eat no supper. She retired to her room early and was found dead in the morning. An empty carbolic acid bottle was beside the bed. The girl left two notes, one to her employer asking forgiveness and that her body be sent back to Russia, and the other to her lover in far-off Russia, saying she could not live without him.

It appears that the girl arose during the night, took a bath and robed herself in her wedding garments which she had prepared against the time of her lover's coming. Then, with the wedding wreath on her brow, she reclined on the bed and took her own life.

SITUATION IS BETTER.

Gunby Jordan Gives Interview on the New York Situation.

Columbus, Ga., Dec. 26.—G. Gunby Jordan, the well known Columbus banker, who has just returned from a visit to New York city, gives an encouraging interview on business conditions in the metropolis.

"The conditions in New York of business are better in every way," he says. "There is some trading going on now—in fact, there are considerable inquiries. Prices are lower. The people are going to be clothed next year just like they were last. All the good mills will operate right straight along, probably with less margin and less profit, and they will have to practice some needed economies; but they will make goods just like they always did and people will buy them."

Mr. Jordan reports that the New York banks feel much easier. "Care does not sit enthroned on the brow of the bankers as it did a month ago when I was there," he says. "In fact, they are inclined to joke a little and have time to take spins in automobiles."

Mr. Jordan went to New York primarily to attend a meeting of the National Civic Federation of which he is a member.

DEPOSITORS TO BE PAID.

Asa G. Candler's Statement Regarding the Neal Bank.

Atlanta, Dec. 26.—"I have every reason to believe that every depositor in the Neal bank will receive every dollar of his money and that when the affairs of that institution are wound up there will be something left for the stockholders," said Mr. A. G. Candler, president of the Central Bank and Trust corporation, who was made receiver of the Neal Bank as the result of a petition for receivership filed by Attorney General Hart, acting for the state of Georgia under the provisions of the banking act, passed at the last session of the general assembly.

This statement of Mr. Candler will prove a welcome Christmas gift to the 9,000 depositors of the institution, whose closing for awhile cast a gloom over the Christmas tide.

Money for Good Roads.

Montgomery, Ala., Dec. 26.—The county has given to the city \$25,000 to be used on roads recently taken into the city, but about to be worked by the county. This will be laid out after the first of the year. The sum of \$250,000 recently voted by the county on a bond issue will be expended upon the county roads after the first of the year.

Gave Husband Christmas Quartet.

Richmond, Va., Dec. 26.—The Christmas present to Mrs. William Luck, of Roanoke, to her husband on Tuesday was two boys and two girls at a birth, all doing well.

INFERNAL BOX BY MAIL

Dangerous Package Discovered In Erie, Pa., Postoffice.

TRAGEDY AVERTED BY CLERK

Examination of Package Showed that It Contained Enough of High Explosives to Have Killed Many Persons. No Clue to the Sender.

Erie, Pa., Dec. 26.—While sorting Christmas bundles in the Erie sub postoffice Tuesday, an employee became suspicious of a package, the end of which had been broken open and upon a slight investigation the package was found to contain an infernal machine constructed that the opening of the box would cause an explosion that would have undoubtedly killed a person near it, and set fire to everything in the vicinity.

The package was addressed to Archie Carr, 2208 Cherry street, and has been mailed in this city.

The box was turned over to Postmaster Sobel, who called in Chief of Police Wagner. The chief of police and contrivances so arranged that the opening of the lid would set off a cork and ignite several matches.

The following inscription was on the inside wrapper:

"You may, perhaps, find the envelope will catch a little when you open the box, but pay no attention to it. Merry Christmas."

Dr. J. W. Wright, health officer and chemist, after an examination of the bottle, said it contained a high explosive.

HANGED TO TELEGRAPH POLE.

First Lynching Occurs in the New State of Oklahoma.

Muskogee, Okla., Dec. 26.—Shot with bullets, the body of a negro, named a negro, was found hanging from a telegraph pole at Muskogee, Okla., Tuesday night.

This is the first lynching in the new state.

Garden shot and killed a white man, because Bates, a well known Everyman, refused to give a rig to the negro.

Garden said Bates was killed because of his case, and he crossed the street for a place, returned and killed Bates.

Garden was lodged in a hotel Tuesday night and a mob of a hundred men battered down the doors of the hotel, secured the negro and hung him to a nearby pole. They then swung his body with bullets.

Judge Cooper Dead.

Mt. Sterling, Ky., Dec. 26.—John E. Cooper, the widely known jurist, lawyer, soldier and statesman of this city, died at Mt. Sterling, Ark., where he had gone for the benefit of his health. Judge Cooper was 71 years of age, was married here for eighteen years and was a state senator. He is survived by his wife and two children, Mrs. S. la Gay and Clay Cooper, of Mt. Sterling.

Mrs. Longworth Almost Well. Washington, Dec. 26.—Mrs. Longworth has so far recovered from the effects of the operation for the removal of the cancerous growths which she underwent that she will leave the Washington Hotel Thursday for her own residence. Several days Mrs. Longworth was unable to go about her room, but she has not been outside.

Finances in Good Shape.

Jackson, Miss., Dec. 26.—The Henry Monday issued a statement showing that the state's financial institutions now have an aggregate of \$13,000,000 of assets in their vaults. This, he said, is equivalent to 33 per cent of the state's total banks, which shows an exceptionally healthy condition.

Sandwich Killed Him.

Wheeling, W. Va., Dec. 26.—A stranger, a cook in the Sixty-second Huntingdon, was choked to death a week ago.

THE CARNIVAL DELAYED.

Owing to Failure of Railroads to Transport Shows, Delayed for Week.

Owing to the great rush of travel, etc., the Roberts & Gorman Carnival Company, which was to have appeared in this city during the present week, could not secure all their attractions in time, hence it was decided to postpone the carnival for one week, opening up next Monday.

The managers of this association, who admit that they are organizing here, have secured a number of good attractions which have been showing in various sections of the country, but the matter of getting them together, for the reasons named above, has prevented them from making a creditable show this week, hence they decided on a postponement.

The contest for Queen of the Carnival is still on, however, and it is said a great deal of interest is being manifested. The contest for popularity has virtually dwindled down to four candidates, and their standing up to Thursday afternoon was as follows:

Miss Florence Daily..... 3,154
Miss Lovie Goode..... 2,798
Miss Alma Sullivan..... 1,825
Miss Mabel Ayera..... 1,495

The contest will close tonight at 9 o'clock. There will be a bulletin at Johnson's drug store at 8 o'clock this morning, at 12 o'clock noon, and at 4 o'clock p. m., that being the last bulletin, but friends of the contestants will be permitted to vote until 9 o'clock tonight. The fortunate young lady's name will be announced Saturday morning, and will be crowned Queen of the Carnival Tuesday evening, the 31st inst., at the carnival grounds.

MASONS ELECT OFFICERS.

Will Hold Public Installation in January—Big Time Anticipated.

Gainesville Lodge No. 41, F. and A. M., held a most interesting meeting Wednesday evening at which officers for the ensuing year were elected as follows:

R. T. Schafer, W. M.; W. T. Pound, S. W.; Lee Graham, J. W.; A. M. Cushman, treasurer; Robert McClellan, secretary. The remaining officers are to be appointed at a later date, and early in January it is proposed to hold a union public installation and banquet, as officers of the Royal Arch degree will also be installed at this time.

The election of Robt. McClellan as secretary at this meeting was quite a compliment, as for the past twenty years he has filled this responsible position, being the longest in service of any secret society man in the city. Mr. McClellan makes a good secretary, and his colleagues, appreciating this fact, will not consent for him to withdraw.

FATHER THOUGHT CHILD WOULD DIE

Suffered with Cuban Itch, and Sores Covered Body from Head to Foot—Would Claw Himself and Cry All the Time—Could Not Be Dressed—Mother Advised to Try the Cuticura Remedies.

CURED BY CUTICURA AT EXPENSE OF 75c.

"My little boy in the Spring of 1901, when only an infant of three months, caught the Cuban Itch from one of my neighbor's babies.

Sores broke out from his head to the bottom of his feet. He would itch and claw himself and cry all the time. He could not sleep day or night. I had to wheel him in his carriage most all the while to keep him still. He could not bear to have his clothing touch him, and only a light dress as all he could wear. I can't begin to speak in words the suffering the poor child had to endure. I called one of our best doctors to treat him, and he said he had the Cuban Itch, and his treatment did not do any good. He seemed to get worse. He suffered so terribly that my husband said he believed he would have to die. I had almost given up hope when a lady friend told me to try the Cuticura Remedies. She said she cured her little girl's ear, which was nearly eaten up with the eczema. I got a cake of Cuticura Soap and one box Cuticura Ointment, and I washed him all over with the Cuticura Soap and applied the Cuticura Ointment and he at once fell into a sleep, and he slept with ease for the first time since two months. When he awoke I applied it again, and it gave him much ease, and after three applications the sores began to dry up and improvement began to show, and in a few days the hide from the bottom of his feet and inside of his hands began to peel off. I only used one cake Cuticura Soap and one box Cuticura Ointment to complete the cure of the dreadful disease, and in just two weeks from the day I commenced to use the Cuticura Remedies my baby was entirely well. The treatment only cost me 75c, and I would have gladly paid \$100.00 I could not have got it any cheaper. I feel safe in saying that the Cuticura Remedies saved his life. He is now a boy of five years, and as well as any child you ever saw." Mrs. Zana Miller, Union City, R. K. No. 1, Branch Co., Mich., May 17, 1906.

CHRISTMAS FUNCTIONS.

Xmas Tree in North Gainesville Tuesday—Others Held Thursday Night.

Christmas entertainments of the churches were deferred as a rule for one day, and in some instances longer. The union Sunday school of North Gainesville held their tree in North Gainesville hall a day earlier, however, that event occurring on Tuesday evening. It was well attended, and many handsome and useful presents were distributed. When it comes to doing things right the good people of North Gainesville are "there with the goods." They do not permit their religious and other little differences to interfere with making anything a success which they undertake.

On Thursday afternoon the Sabbath school of the First Methodist church held a party at the church, at which the little folks and many older ones had a big time, with plenty of presents, etc.

In the evening the First Baptist church tendered the children of its Sunday school an old-time Christmas tree, at which Santa Claus was very much in evidence. This tree was given at the opera house, and was well attended, and a success in every way.

Holy Trinity Episcopal church will hold its Christmas tree on Tuesday, and the Presbyterians will also give a cantata on that date.

LOVELACE—DEMPSEY.

Marriage of Two Popular Young People in Gainesville Thursday.

One of the happiest marriages occurring in this city for some time was that which transpired Thursday afternoon, the contracting parties being James P. Lovelace, Brewton, Ala., and Miss Edith W. Dempsey of this city, the accomplished daughter of Mr. and Mrs. S. H. Dempsey.

The wedding, which was held at the home of the bride's parents, East Seminary street, was a quiet and informal one, only members of families of the contracting parties being present. The ceremony occurred at 2:30 p. m., Rev. T. J. Nixon of the First Methodist church officiating. Immediately after the ceremony the happy young couple took the A. C. L. train for Brewton, where they will make their future home. They were joined at the station by a number of their young friends, who assembled to wish them all happiness.

The groom, who formerly resided here, is now in the employ of the Lovelace Lumber Company, Brewton. He is a young man of exceptional qualities, having many friends here. He is a brother of Mrs. D. M. Tomkies.

The bride is an accomplished young lady, and a favorite among the young people of this city, being possessed of a most amiable disposition. Friends of the young people wish them much happiness in their married life.

A Prominent Visitor.

Among the prominent visitors to this city is Hon. Geo. A. Jobe, a well-known attorney of Greenville, Ohio, who is here for a short time with his wife and children. Mrs. Jobe and children have been spending the past few months here, the children being students of the University and the Gainesville Graded and High School.

This is Col. Jobe's first visit to Florida. He is well pleased with the State in general and Gainesville in particular, declaring Gainesville to be the cleanest, prettiest and most modern town of its size he has ever visited. He is particularly impressed with the educational and moral air which is apparent here, and feels that his family could not be better surrounded.

TOWN TEAM VICTORIOUS.

Closely Contested Football Game Results in Victory for Town Boys.

The anxiously anticipated football game between the Town and High School teams, which has been the most-talked-of topic for the past three or four days, was pulled off on the local gridiron on Christmas afternoon, and was well attended, the afternoon being a pretty one. The contest likely was pretty, as both teams played good ball, and, being evenly matched, those who understood the game were very enthusiastic on both sides, as it was nobody's game until the close.

The boys put up a fine game, the score being 5 to 4 in favor of the Town team. It was a game full of excitement but friendly, and everyone felt that they had "got their money's worth."

Pleasant Day in Woods.

Mr. and Mrs. J. W. Alsop, with about thirty of their friends, spent Christmas day pleasantly at their farm, about three and a half miles southeast of the city.

It was indeed a pleasant day for those who were so fortunate as to be there. The dinner consisted of everything good to eat. There were a great many rabbits, doves, quail and squirrels bagged; it may be truthfully said with the exception of one little accident that the day was perfect.

Rembert and tater had a falling out—We all know what it was about:

"There he is, Hall, now shoot him in the head!"

Bang! Bang! went the gun, and away Bunny fled.

"There he goes, Dock, take the gun, take it quick—"

That old rabbit was mighty slick."

Away went poor Bunny on his two front legs, determined to beat the four bow-legs.

"Catch him, Dock, catch him! here take the gun—"

He is shot in the legs but he surely can run."

Such a chase as they had never was known.

Poor Bunny landed safely at home. ONE WHO WAS THERE.

FRANK CLARK IS FRIEND OF PUBLIC

Congressman from Second District Wants Cotton Tax Returned.

IT BELONGS TO THE PEOPLE

And a Strenuous Effort is Being Made to Have Same Refunded by the Passage of This Bill—Affects Many Southern States.

Hon. Frank Clark, Congressman from the Second District, is continually looking after the interests of his constituents. He has introduced several measures at the present session of Congress, one of the most important being a bill to provide for the refunding of taxes illegally collected by the United States Government during and after the war, which bill has been referred to the committee on war claims.

For the information of readers of The Sun, the bill appears in full as follows:

"A bill to provide for the refunding to the rightful owners, their heirs or legal representatives, the proceeds of the cotton tax illegally collected by the United States from the people of the several States in the years 1863, 1864, 1865, 1866, 1867 and 1868, and to provide for the disposition of such as may be unclaimed.

"Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled:

IN THE MAYOR'S COURT.

Colored Woman, Charged With Selling Liquor, Heavily Fined.

Charged with selling liquor without a license and against the laws of Alachua county, Estelle Knowler, a colored woman who is well known in this city, was arraigned in the city court Tuesday morning, when she received the usual sentence—\$500 and costs. Through her attorney, Evans Haile, she appealed the case, giving bond for her appearance in the circuit court. The woman was later arraigned upon a charge of lasciviousness, and was fined \$50 and costs. This case was also appealed.

Butch Tisby, charged with lasciviousness, was fined \$50 and costs. Oscar Duke and Wm. Granger, both charged with carrying concealed weapons, were sentenced to pay a fine of \$25 and costs each.

JUSTICE COLMAN'S COURT.

Alonzo Hall, Charged With Carrying Concealed Weapons, Discharged.

Alonzo Hall, a colored man arrested on Tuesday for carrying concealed weapons, was arraigned in Justice Colman's court upon that charge, but upon hearing the evidence in the case the court arrived at the conclusion that the defendant was not guilty, and ordered him discharged from custody. The facts in the case appeared that the arresting officer made the arrest, having found that the defendant carried a pistol in a coat pocket hanging on a nail in his home. The court held that, inasmuch as the defendant did not have the coat on his person, that he was carrying no concealed weapon, and therefore made the order for his release.

Both men were taken to a hospital, where they are said to be in a serious condition.

Pateans also aimed two shots at the cashier, but both went wild. He then placed the revolver to his head in an effort to suicide, but the weapon failed to explode the cartridge.

WHAT CAUSES INDIGESTION

To be Cured—Weakness of Stomach Muscles Must be Overcome.

The chief cause of indigestion is weakness of the stomach muscles and lack of gastric juices.

By taking Mi-o-na stomach tablets the stomach muscles will be stimulated and strengthened and the flow of gastric juices will be increased. Mi-o-na does not do the stomach's work; it makes the stomach strong enough to do it, and in this way completely cures the weakness so there is no further need of medicine. No matter how severe a case of stomach trouble you have, Mi-o-na will cure it by strengthening your digestive system so that both stomach and bowels do their work as they should.

J. W. McCollum & Co. sell Mi-o-na in 50-cent boxes and guarantee to refund the money if the remedy does not cure.

Richmond, Va., Dec. 26.—Though shrouded and ready for his grave, Nat Conner, a negro man living in this city, suddenly arose from his bed and remarked that he was not dead, and did not intend to be buried.

Nat had come home feeling unwell, and soon became comatose. His family and friends thought him dead, and hastily summoned an embalmer. When the latter arrived, the "corpse" met him at the door, and, with some show of resentment, ordered him away from the house.

LET US GET TO WORK.

Now that Christmas has passed and the year is on the wane, our people will naturally begin filling up their books with resolutions.

While resolutions are good things, if they are kept, there are some more important in their significance and importance than others. The most important resolution which every man should jot down in his little book at the turning of the tide is that of union, the old maxim, "In Union There is Strength," is certainly a true one.

We of Gainesville and Alachua county have a great deal to feel proud of. Fortune has smiled sweetly over this section, under the warm and glittering rays of which we have all prospered; but we should determine with the new year to put our shoulders to the wheel as a unit, laying aside all petty differences. If we will do this we will have a year hence a great deal more to be thankful for, and can happily say, "A task well re-warded and well performed."

Mr. Roosevelt's recommendation that the Government pay the campaign expenses of the political parties has been fully discussed and endorsed by Mr. Bryan in The Commoner, but the proposition is so paternalistic and realistic that it has but little endorsement from Democrats. It is a great misfortune that Mr. Bryan, as Democratic leader, seems determined to run a race with Mr. Roosevelt in the endorsement of all the political vagaries that either of them can invent.

The ship-subsidy lobbyists at Washington claim they have succeeded in getting the administration and the trust for the Humphrey bill, and to avoid the friction in the committee on merchant marine the bill will be referred to the committee on commerce and postroads. The bill provides for large subsidies for carrying the mail. Turn the rascals out.

In the grand review of the battle-ship Secretary Metcalf was so seasick that he couldn't appear on deck. Joseph Porter's injunction seems to be a fact than opera-comedy: Stick to your desks and never go to the races and you will be rulers of the nation.

Consult your hopes of growth—not "bargain" in planning your store for the new year. These are all "bargain days" in the eyes of the merchant must be for the benefit of his buyers, who are too heavily on some of the goods.

We have heard of Nero fiddling while Rome was burning, but it is worse to see that the Republican party will standpat while the people are suffering from the effects of the trusts.

For the panic our administration appears to be drawing bonds or other securities that draw money from the people to pay.

Stick to your plans for the new year. For all of the growth depends upon the wisdom of their wisdom.

REASONABLE PASSENGER RATES

When the Legislature of Ohio in 1906 passed the 2-cent passenger-rate bill the railroad managers declared it was ruinous and confiscatory. But the official returns of all the railroads in the State for the year ending June 30, 1907, as figured by the Ohio Railroad Commission, shows a substantial increase over the preceding year. This increase is due to the elimination of free passes and excursion rates and the natural growth of passenger traffic. The result in the State of Ohio, however, is not a fair criterion for some other States, because it is traversed by interstate railroads from East to West which must increase the returns for passenger traffic. It is also a more densely populated State than many others, ranking higher than New York, or Pennsylvania, perhaps, with its well-to-do farming population.

It would seem that the Interstate Commerce Commission could figure out the cost per mile for passenger traffic which could be used as a standard for fixing the rates in each State, as the Ohio Commission has done for that State. Fair play demands that the railroads shall be allowed to charge reasonable rates that will provide fair interest upon the actual money invested, but no return on watered stock must be expected.

NAVAL ARMAMENTS.

The British naval authorities are said to be preparing plans for a warship 50 per cent greater than the Dreadnaught, or with a displacement of 30,000 tons. Our naval designers have proposed to build a warship of 40,000 tons, which will cost \$20,000,000. When will this rivalry for the size and number of warships cease, or what will satisfy craving for war preparations? In the end it must impoverish the people of all countries that strive for supremacy, for there is not only the vast outlay for building these enormous war engines, but the constant expense of keeping them in repair and in commission. Experience shows that in about ten years our finest warships of a few years ago are now but fit for the scrap-heap.

The limitation of land and naval armaments is something the world must soon agree upon, for it is senseless to tax people for the creation of that which is really useless.

Governor Broward has appointed W. J. Bryan, the brilliant young attorney of Jacksonville who was his campaign manager in the last gubernatorial campaign, to succeed the lamented Senator Mallory. Mr. Bryan was already an avowed candidate for the office, and the death of Senator Mallory has given him the place considerably earlier than his fondest hopes anticipated. The people of the Gulf Coast, however, are not likely to relish the fact that the Atlantic Coast has both United States Senators, and will so demonstrate at the primary in 1908. We are of the opinion that Governor Broward has made a mistake in making the appointment, and also that Mr. Bryan has made a political mistake in accepting the appointment. Hon. John Stockton, who built up the present crowd in the political saddle, seems to have been "overlooked" by the Governor, but the people will see that Mr. Stockton is rewarded in 1908 by placing him in the gubernatorial chair.

It develops now that the great "battle fleet" on its "mission of peace" is to circumnavigate the globe—at least, unless somebody sees fit to disarrange the program by knocking the chip off its shoulder.

\$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J. CHENEY & CO., Toledo, O. Sold by all druggists, 75c. Take Hall's Family Pills for constipation.

DELIBERATION IMPOSSIBLE.

It will be a long and expensive trip for Democrats from the East to take to attend the Denver convention, especially as the railroads have given notice that no reduced fares will be conceded. But those who attend the convention as delegates may gain in composure what they lose in cash, by the absence of the noisy enthusiasts who have made some conventions a beer garden more than a deliberative assembly. With ten thousand spectators howling for their favorite candidate, nothing that a speaker says can be heard by anyone fifty feet from him, and the art of gesture is not equal to imparting ideas.

As the Republican National Convention will be held June 16th it is probable that Congress will be adjourned by the Republican leaders by June 1st. That would mean that few, if any, of the President's recommendations will be enacted into law, but Speaker Cannon's plan of passing the appropriation bills and then going home will be adopted.

Tom Watson has joined the third-term boomers and persists that Mr. Roosevelt "simply cannot refuse to complete the work which he has so well begun." With the Populist and Hearst Independent League for Roosevelt he might run on an independent ticket.

Senator Depew takes a position upon the Hughes candidacy that is thoroughly characteristic. In effect he says: "I'll wait and see which way the cat will jump before expressing myself."

The Christian Socialists in the Austrian chamber of deputies used chairs on their opponents in a heated debate. This does not seem to be either Christian or "social."

You should—if you are a merchant—be getting enthusiastic just now about your advertising plans for the new year.

NIP IT IN THE BUD.

First Appearance of Dandruff a Forerunner of Future Baldness.

That such is the case has been conclusively proven by scientific research. Prof. Unna, the noted European skin specialist, declares that dandruff is the burrowed-up cuticle of the scalp, caused by parasites destroying the vitality in the hair bulb. The hair becomes lifeless, and, in time, falls out. This can be prevented.

Newbro's Herpicide kills this dandruff germ, and restores the hair to its natural softness and abundance.

Herpicide is now used by thousands of people—all satisfied that it is the most wonderful hair preparation on the market to-day.

Washington, Dec. 25.—It is official given out here from French Lick, Ind., that Hon. Thomas Taggart, chairman of the national democratic committee, has announced the special committee on arrangements from the national democratic committee, which will have charge of all the details of the national democratic convention at Denver.

The official announcement of the committee is as follows: French Lick, Ind., Dec. 21, 1907. The following is a list of the names

This committee will organize at an early date, and will assume full charge of the details of the convention, for which it has in hand the \$100,000 contributed by the city of Denver. The official call for the convention is issued by Chairman Taggart concurrent with the announcement of the committee in charge, and is as follows:

The democratic national committee, having met in the city of Washington on the 12th day of December, 1907, has appointed Tuesday, the 7th day of July, 1908, as the time, and chosen Denver, Col., as the place for holding the democratic national convention.

Each state is entitled to representation therein equal to double the number of its senators and representatives in the congress of the United States of each territory, Alaska, District of Columbia, Hawaii and Porto Rico shall have six delegates. Bullet Failed to Kill Him. Lexington, Ky., Dec. 25.—Callo way Sebastian, who was Monday released from the hospital here, owes his life to the fact that his heart is located lower in his body than in most people. In an election day fight in the City, Wolf county, Sebastian was shot through the breast. He was brought to the hospital here for treatment. The X-rays showed the bullet in Sebastian's right lung. During the examination the physicians discovered that the bullet had entered the body in such a place that it would have passed through the heart if the organ had been located in the usual place.

Expedition to Africa. Boston, Dec. 25.—Dr. Alexander Agassiz, director and curator of the Boston Museum, will head an expedition to Africa soon for the purpose of pursuing his already extensive scientific investigations. The details of the trip have not yet been fully mapped out, and the identity of those who will accompany him and the length of his trip are not known.

BOLD HOLD UP.

Masked Men Enter Chicago Saloon and Make a Rich Haul. Chicago, Dec. 25.—Four masked men entered the saloon of William Wright Monday night and obtained \$400 in money, eight gold watches and four revolvers.

The watches and the currency were secured from fifteen patrons of the saloon. The men were playing cards at the tables when the visitors, each presenting a leveled revolver, entered. The players were persuaded to drop their game for the moment and line up at the bar, where two of the quartet accepted their contributions while the others stood at present-arms. After this ceremony one of the collectors went behind the bar and divested the cash register of \$400. Then the four left the saloon and escaped.

Lid on at Chattanooga. Chattanooga, Tenn., Dec. 25.—For the first time in the history of the liquor trade at Chattanooga, all of the saloons in the city will be closed on Christmas day. This is neither the result of law, ordinance or outside influence, as the movement originated entirely with the saloon men who, a few weeks ago, agreed to observe the day as a holiday. This action has aroused much favorable comment.

Burns and Moir to Fight. London, Dec. 25.—Articles of agreement have practically been signed for a contest between Tommy Burns, who recently defeated "Gunner" Jim Moriarty before the National Sporting club, and Jim Roche, the Irish champion. The fight, which will take place at Dublin, probably March 17, is for \$2,500 a side and a purse of \$7,500.

That's It! Cough yourself into a fit of spasms and then wonder why you don't get well. If you will only try a bottle of Ballard's Horehound Syrup your cough will be a thing of the past. It is a positive cure for Coughs, Influenza, Bronchitis and all Pulmonary diseases. One bottle will convince you—at your druggist's 25c, 50c, \$1.00. Sold by W. M. Johnson.

Will Play Havana Eleven. New Orleans, La., Dec. 23.—On board the steamer Chalmette an American football team, the Louisiana state university eleven, sailed to play a Christmas day game in Havana, Cuba. The university of Havana eleven will oppose the American boys. The Louisiana team, although not ranking with the leaders in southern football, had one of the best teams of the season in the southwest in point of fast, open and spectacular playing. The team is due to reach Havana on Monday.

BANK CLOSES DOORS

Suspension of the Memphis Savings Bank.

IT WAS AN OLD INSTITUTION

Suspension Will Not Affect Any Other Institution in the City—It Is Said All the Depositors Will Be Paid in Full in Time.

Memphis, Tenn., Dec. 25.—"This bank is closed by order of the chancery court. E. L. McHenry has been appointed receiver."

The above notice was posted on the doors of the Memphis Savings Bank, one of the oldest institutions in the city, at the usual time for opening Tuesday morning.

It is understood that the officers went before Chancellor Heskell Monday night and applied for a receiver. No reason for the suspension has been given out by the officers, but it is said a statement will be made public soon.

G. W. Macrea, a well known local capitalist, is president, and E. L. Menager, cashier. The bank carried deposits of over a million and a half dollars.

Several weeks ago a statement was published that the bank had been heavily loaded with paper of a certain concern upon which it could not realize. This set many rumors afloat, and the bank inserted the following explanation in the daily newspapers:

"A misapprehension seems to exist in regard to a supposed loss made by this bank. The facts are that an unpaid maturity was immediately made good to the bank by certain of its officers and directors, and the bank sustained no loss whatever. The claim was bought at its face value by said officers and directors and is their property. Whatever is realized from it will belong to them."

President S. F. Read, of the Memphis clearing house association, said that the suspension of the Memphis Savings bank would not affect any other institution in this city. Mr. Read said he felt certain that all depositors would be paid in full.

DEATHS FROM HEART DISEASE.

Strain and Stress of Modern Life Has Caused Increase.

New York, Dec. 25.—That there has been a steady increase in deaths from heart disease in the last twenty years is shown by the statistics of the board of health, just issued. The increase in the number of deaths from this cause in Manhattan and the Bronx for the first eleven months of 1907 over the same period of 1906 was 1,246, or more than 27 per cent.

Dr. Thomas Darlington, commissioner of health, states that the increase is due to the strain and stress of modern life, and says that it is certain that the recent financial flurry was a factor in the increase.

CHILDREN IN PERIL.

Two Hundred and Fifty Narrowly Escaped Injury in New York.

New York, Dec. 25.—Two hundred and fifty children narrowly escaped injury early Tuesday in a fire which started among tin and Christmas trees on the top floor of a house for rent and crippled little James, on Lexington avenue.

The flames were discovered and subdued by Superintendent Barting and his men before they had gained much headway.

Other nurses kept such good watch over the wards that none of the sleeping children knew of the blaze until it was all over.

The financial loss is inconsiderable. Christmas and New Year's cards at The Sun office.

COMFORTING WORDS

Many a Florida Household Will Find Them So.

To have the pains and aches of a bad back removed; to be entirely free from annoying, dangerous urinary disorders is enough to make any kidney sufferer grateful. To tell how this great change can be brought about will prove comforting words to hundreds of Florida readers.

A. Oerting, seaman, of 419 L. street, Pensacola, Fla., tells how to do it. He says: "From my experience with Doan's Kidney Pills I can strongly recommend them to anyone in need of a good medicine for the kidneys. Kidney complaint and backache caused me suffering at intervals for years. The first or second attack I did not mind, but as time went by they grew worse and at times laid me up. I could hardly walk and it was a difficult matter to straighten up after stooping, while the kidney secretions were irregular and unnatural. Doan's Kidney Pills cured me. From personal experience I know that this remedy can be depended upon to fulfill the representations made for it."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

\$3,500,000 STRUCTURE.

Largest Hotel Building in World To Be Erected in Chicago.

Chicago, Dec. 26.—The permit for the New LaSalle hotel to be erected at LaSalle and Madison streets, was taken out Monday. With the furnishings, the hotel will represent an investment by approximately \$3,500,000 and with the land, which was leased on the basis of a value of \$2,500,000, the hotel will run up to \$6,000,000.

The building will be twenty-two stories high, with two basements, and it is said, will be the largest hotel building in the world. It will contain 1,172 rooms.

A Determined Suicide.

Richmond, Va., Dec. 26.—With her home decorated for the Christmas festivities and all preparations made for a merry holiday, Mrs. Ella S. Ford cut her throat from ear to ear and then held her head in a gas stove until finally overcome by the flames. It is said that Mrs. Ford was depressed on account of the death of her mother and the ill health of her husband. Mrs. Ford was born in Baltimore, the daughter of George A. Summers. Three brothers and two sisters, all of Baltimore, survive her.

Augusta Clubs to Have Lockers.

Augusta, Ga., Dec. 26.—The social clubs of Augusta, which are now operating bars for the sale of liquor to members, will close the bars January 1 in compliance with the state prohibition law, but have issued notices to members that all members who so desire will be permitted to have liquor on the premises as their own individual property. It is also stated that the clubs will make all proper arrangements to surround this new arrangement with as much convenience as is possible.

Children's

Favorite tonic is White's Cream Vermifuge, the cure for worms and all children's diseases. It not only kills the worms, but removes the mucous and slime in which they build their nests. Its action on the child is mild and leaves him in a healthy condition. Joe Daniel, Surmac, Tenn., says that he gave one of his children White's Cream Vermifuge when the doctor thought it had colic, and from the first dose the child passed seventy-three worms. Sold by W. M. Johnson.

Train Blown from Track.

Denver, Col., Dec. 26.—The baggage car and first passenger coach of train No. 25, northbound, on the Colorado and Southern railroad, which left Denver at 10 o'clock Tuesday morning, were blown from the track and overturned in the ditch a quarter of a mile north of Marshall, a coal camp. Six persons were seriously injured and a number of others slightly hurt. J. G. Garrett, of Longmont, Col., a prominent Elk, had both legs broken and suffered internal injuries, probably fatal.

About Digestion.

It is not the quality of food taken but the amount digested and assimilated that gives strength and vitality to the system. Chamberlain's Stomach and Liver Tablets invigorate the stomach and liver and enable them to perform their functions. The result is a relish for your food, increased strength and weight, greater endurance and a clear head. Price 25 cents. Samples free. For sale by all druggists.

FIFTEEN HURT BY LIGHTNING.

Stroke Played Havoc With the Bryant Home, Wrecking House.

Macon, Ga., Dec. 25.—While she sat in the lap of her cousin at the family home in Reid's Station Monday evening at 5 o'clock, Little Sedora Bryant, the ten-year-old daughter of J. D. Bryant, was instantly killed by a bolt of lightning that wrecked the house and injured fifteen other persons.

There was a gathering of neighbors at the Bryant home, 12 miles south of Macon, on the Southern railway, and Sunday evening was being spent in the usual manner, when a stroke of lightning from the stormcloud that had hovered over the community came with a crash, striking death to the girl and leaving her cousin unharmed. The only evidence of injury to the little girl was a burn on the ankle.

In the room where death was dealt out little harm was done to other persons. This was considered one of the strangest freaks of electricity ever noted by people of the community.

In an adjoining room where fifteen other persons were assembled around the fire, half the walls of the building were shattered and torn to splinters and dashed fifty yards away. No one in this room was seriously injured. W. M. Phillips, Frank and Alva Phillips and James Warfield sustained the most serious injuries.

The little girl dropped to the floor of the room where she had been seated with her cousin and was lifeless when an examination was made. The stroke proved fatal to her and left her companion unharmed.

The main force of the stroke seemed to have been spent on another portion of the house.

A father, mother and two brothers and four sisters survive the dead girl.

\$4,000 FOR POSTAGE STAMP.

That Sum Was Paid for One Issued in Virginia in 1847.

New York, Dec. 25.—Philatelists in New York are commenting on a sale of a stamp the other day by a Philadelphia dealer to George H. Worthington, of Cleveland, for \$4,000. The stamp is a postmaster's provisional, issued in Alexandria, Va., in 1847, and is on blue paper. Two or three specimens of the stamp have been sold to collectors, but they are on buff paper.

It was found on an old letter among some family treasures by Mrs. M. Fawcett, of Alexandria, and by her shown to a New York collector. He told her it was very valuable, and it finally found its way into the hands of the dealer who sold it to Mr. Worthington.

Collectors here say that the price was a fair one, but that the stamp would doubtless have brought at least \$5,000 in England, where much higher prices are paid for rare stamps than in America.

MAURETANIA RUNS AMUCK.

Biggest Ship in World Breaks from Moorings in New York Harbor.

New York, Dec. 25.—The tugboat Mauretania, the largest ship in the world, broke from her moorings at the foot of West Thirtieth street during a light gale Monday and cruised into a small fleet of barges, sews and canal boats, one of which she sunk.

Four hawsers running from her forward deck to the pier parted, and the big vessel, nose swung around to the north so quickly that it was impossible for the smaller boats to get out of the way. The Mauretania's stern hawsers held and prevented the giant vessel from running out into the river.
